Evergreen Cultivating Artistic Excellence

31st Annual Summerfest Arts Festival – Performance Application **Saturday, July 17th and Sunday, July 18th, 2010** **Center for the Arts, Evergreen, Colorado**

The Festival

Summerfest is a two-day festival held outdoors at which historically about 5,000 people attend. Summerfest is located at Buchanan Park at Highway 74 and Squaw Pass Rd. in Evergreen, Colorado. The festival site is on grassy athletic fields, and the performance stage is slightly elevated and located under a large tent. Performers will be scheduled for 30-90 minutes depending on the type of performance.

It is a juried exhibition of gallery quality fine art and fine crafts. Over the years it has evolved to include a performance stage, which primarily features local musicians and performers who are looking for local exposure. We provide a space adjacent to the performance stage for performers to set up a promotional table following their performance.

Summerfest is hosted by the Center for the Arts Evergreen, a nonprofit organization whose mission is “To promote and cultivate artistic excellence in the visual and performing arts in order to enrich the art experience in our mountain community.” Proceeds from Summerfest go to support arts programming year-round. **For this reason, we do not have budget allocation for performances.** Summerfest is strictly an opportunity for local and regional performers to gain exposure at a festival venue and sell CD’s and other merchandise.

Equipment

All performers must use the Summerfest sound system for their performance and adhere to the set volume levels. The sound system consists of a 16-channel stereo power mixer, 2 main speakers, and 2 monitor mixes. Additionally, we will provide 3 wireless microphones and stands.
